There is a standard for employee and customer interaction with staff maintained by this workplace. Employees will not be subject to abuse or speculative "diagnostic terms" reserved for "medical practice" to suggest a conviction without due process and loss of personal property or rights themed on radical political or criminal claims. We will treat this conduct as any "unprivileged communication", and regard its use as "employee abuse" by any party in concert with existing "excessive fines", "cruel and unusual punishment", and "denial of due process and habeas corpus" now made formal complaint with the United States Attorney General in an ongoing child abuse and child kidnapping fraud sustained by STATE OF TEXAS.

So called "Red Flag" laws, called for by Joseph Biden on April 8th 2021, are illegal and criminal suspension of the "right of habeas corpus" guaranteed under Oklahoma Constitution, Article II, suggesting detention and removal of property prior an "imagined crime" based on "hearsay" and to intimidate the court, the public, and the victim of such libel, slander, and spoliation themed a "barratry" (21 O.S.) and crime in the State of Oklahoma against the "reputation" of the accused in knowing and criminal design for a non-crime. This is barred per 21 O.S. §21-8 and offensive to the Constitution of the United States, and will not be tolerated based on medical information shared with the court of a fictitious nature popularized by Progressive Insurance Fraud themed a Federal crime, 18 U.S.C. § 666.
